LCF BY LEDÛB

Under 3 brand names, Van Winkel Fashion has been designing and manufacturing high quality shirts since 1949. The brand portfolio consists of John Miller, Ledûb and Blue Crane.

Since 1988 we have also been designing and manufacturing representative workwear under the brand label LCF (Ledûb Corporate Fashion), dressing both men and women in the same style.

We proudly produce high-quality shirts & blouses in our own European factory in North Macedonia. In this Amfori@BSCI certified factory we guarantee socially responsible production. Employees work under strict health and safety standards.

As specialists in women's blouses and men's shirts, we position ourselves as "subcontractors." We work closely with our customers, always considering all requirements of the end user. This way of working enables us to offer appropriate quotations and final orders.

We are proud of our long-standing partnership with our buyers and our suppliers, with the ultimate goal of an optimally satisfied wearer of LCF high quality men's shirts and women's blouses!

A woman with long brown hair, wearing a white button-down shirt and a black high-waisted skirt, stands in a restaurant. She is holding a white cup of coffee on a saucer. In the foreground, there is a table set with white linens, a glass of water, a glass of wine, and a small brass bell. The background shows a blurred view of the restaurant interior with other tables and chairs.

DESIGN YOURSELF

At LCF, we work with a 3D shirt designer that allows you to create your own men's shirts and women's blouses. These are available in various colors and patterns. The models can be varied by choosing details such as the sleeve length, the collar and the breast pocket. This concept is offered for both men and women so that your customer's employees are all dressed in the same color and quality.

This unique 3D tool offers dealers of the brand Ledûb Corporate Fashion the possibility of creating a unique serie of men's shirts and/or women's blouses.

Choose a women's or men's model and walk step by step through the ShirtDesigner, the online 3D design program. The steps follow each other logically and allow you to choose from more than 300 fabrics and 6 men's and 8 women's models.

You can then further tailor these models to your customer's wishes by:

- Choosing contrasts in corporate colors
- Choosing a colorful button
- Using yarns in distinctive colors
- Applying embroidery
